

OF SYMBOLS AND  
COLORS.  
BEYOND TIME

We seek the shadows of color. And the light that dissolves into materials and is irradiated in decorations, evoking the atmospheres, stories and symbols of our times. To stand out and wrap every moment of our daily lives in splendor.

Del colore ricerchiamo le sue ombre. E la luce che si stempera nella materia e si irradia nel decoro, evocando atmosfere, storie, e segni del nostro tempo. Per emergere ed avvolgere di splendore ogni attimo del quotidiano.

The colors of plasters and wall frescoes fade with time, recalling the elegance and prestige of eighteenth-century European architecture, revealing all its relevance in contemporary design.

Seven sophisticated hues, with a dusty appearance setting off the refined shades of color and delicate texture of the surface, and five refined decorative motifs and two mosaics recalling the art of the past with all the creativity of the present.

A creativity engendered by ingenuity and sensibility, by technological innovation and the cultural tradition represented by quality Italian ceramics for the world of interior decorating.

La dissolvenza nel tempo dei colori di intonaci e decorazioni murarie affrescate rimandano all'elegante preziosità di architetture europee settecentesche, che riemergono in tutta la propria attualità nel design contemporaneo.

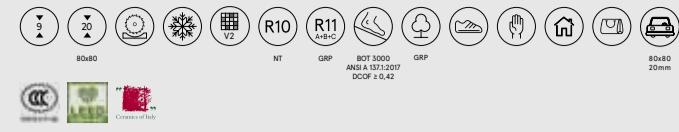

Sette tinte sofisticate, dall'aspetto polveroso che fa risaltare le raffinate sfumature cromatiche e la delicata matericità della superficie, e cinque ricercati soggetti decorativi e due mosaici richiamano l'arte del passato nella creatività del presente.

Una creatività figlia dell'ingegno e della sensibilità, dell'innovazione tecnologica e della tradizione culturale di cui la ceramica italiana di alta gamma è testimone e ambasciatrice nel mondo dell'arredo.
